ESTABLISHING THE WIND FARM ECONOMIC DEVELOPMENT FUND AND THE
WIND FARM EXPENSE FUND AND MAKING A RELATED APPROPRIATION**

WHEREAS, Warren County, Indiana (the “County”) and Jordan Creek Wind Farm, LLC (the “Company”) are considering entering into an Economic Development Agreement (the “Agreement”), pursuant to which the Company will construct a wind-powered electric generating facility in the County (the “Project”);

WHEREAS, pursuant to the Agreement, in consideration for the anticipated restriction of certain other new commercial development and employment in portions of the County as a consequence of the Project, the Company has agreed to make certain economic development payments to the County (the “Jordan Creek Economic Development Payments”);

WHEREAS, pursuant to the Agreement, the Jordan Creek Economic Development Payments shall constitute a contribution by the Company to the furtherance of other economic development in the County and shall not constitute a payment in lieu of any tax, charge, or fee of the County or any other taxing unit;

WHEREAS, pursuant to the Agreement, the Jordan Creek Economic Development Payments shall be used by the County for the furtherance of other economic development in the County, through the construction, repair, or maintenance of roads, public safety facilities, and other infrastructure, the improvement of the park systems, the completion of economic development projects, or the payment of debt service or personnel or other operating expenses related to such roads, public safety facilities, and infrastructure and other services provided in the County, or other purposes which improve the quality of life in the County and thereby foster economic development in the County;

WHEREAS, other portions of the County may be suitable for wind-powered electric generating facilities, and the Company or other entities developing such facilities may make payments similar to the Jordan Creek Economic Development Payments to the County with respect to the development and construction of additional facilities (the Jordan Creek Economic Development Payments and any similar payments with respect to the development of additional facilities, collectively, the “Economic Developments Payments”);

WHEREAS, pursuant to the Agreement, the Company will also make a payment (the “Jordan Creek Expense Payment”) to the County which shall be used by the County to pay the County’s legal, financial advisory, and other expenses incurred with respect to the negotiation, execution and implementation of the Agreement and the incentives and other agreements described in the Agreement (the “Jordan Creek Expenses”);

WHEREAS, other portions of the County may be suitable for wind-powered electric generating facilities, and the Company or other entities developing such facilities may make payments similar to the Jordan Creek Expense Payment to the County with respect to the development and construction of additional facilities (the Jordan Creek Expense Payment and

any similar payments with respect to the development of additional facilities, collectively, the “Expense Payments”); and

WHEREAS, this Council desires to establish funds for the purpose of the deposit and expenditure of the Economic Development Payments and the Expense Payments;

WHEREAS, the Council has found that there are insufficient funds available or provided for in the existing budget and tax levy which may be applied to the Jordan Creek Expenses, and that an extraordinary emergency exists for the making of the additional appropriation hereafter set out; and

WHEREAS, notice of a hearing on said appropriation has been duly given by publication as required by law, and the hearing on said appropriation has been held, at which all taxpayers had an opportunity to appear and express their views as to such appropriation.
